- iv. Currently sponsoring the Mattawan Robotics Team and the Youth Camps
 - v. Continuing the partnership with ENSA – Safety at Heights training
 - vi. Currently chairing two national standards committees:
 - Tower Rescue Standards
 - Safety in Wind Energy
 - vii. Consulting with Kalamazoo County on their Water Treatment System
 - 3rd party skills assessment for Water Quality Technicians
 - viii. Telecomm Certification Safety Training underway
 - ix. In discussion to create a national training for Elevator Technicians
 - x. Partnering with WMU professor to create a 3D map of the Kalamazoo Valley Museum exhibits for the visually impaired
 - xi. Other initiatives being explored:
 - High Tech Maker Space
 - Cyber Security Course Development
 - In early talks with Next Era regarding adding Solar and Storage into our curriculum
 - Working on a 7-axis painting robot due to high demand
 - 3-axis table top CNC machine to feature in Summer Youth Programs
- Dr. Washington would like to look at low cost options for these types of programs.*
- c. Rachel Bair discussed the following Food Innovation Center Sustainable Food Systems initiatives:
 - i. The national Food Hub Management program will be transitioning to the FIC in 2019 from the University of Vermont
 - ii. Community Farms Project will help support and develop urban farms by redeveloping vacant lots into farms for entrepreneurs in the community
 - iii. Partnering with MSU's Regional Center for Food Systems to conduct a workforce study for the food industry to help tailor future curriculum and training needs
 - iv. Two big community events coming up in 2019:
 - The 3rd annual KVM Foodways Symposium
 - Racial Equity in the Food Systems
 - v. The Food Innovations Center received a \$271,000 grant from the USDA that will increase operational output and efficiency.
 - d. Victor Ledbetter reported the following Law Enforcement Training Center updates:
 - i. Has made multiple visits throughout the state (Lansing, Oakland, Washtenaw, GVSU, etc.) to establish relationships and better understand how other academies function
 - ii. Has been re-assessing the goals and curriculum for the January 28, 2018 Police Academy class to incorporate:
 - Focusing on cultural awareness and ethics
 - Emphasizing Police Officers as guardians not warriors
 - Training to handle autistic people
 - iii. Hired new Program Specialist, Jessica Brinks

- iv. Has increased diversity for incoming Police Academy class, focusing on recruiting more female cadets. This may include skyping in black female police chiefs from North Carolina to speak with the class about their experiences in law enforcement
 - v. Corrections Academy began October 22nd
 - vi. Working with Voc Tech to introduce High School kids to Law Enforcement. Will focus on Middle School next
