

Collaborations in Pre-Health Care Education Meetings and Agenda:

1. September 20, 9 AM
 - A. Discuss this article: <https://www.chalkbeat.org/2024/07/23/learning-loss-is-especially-acute-for-middle-schoolers-in-reading-and-math/>

The article states that even kids who were not in school during the pandemic are academically behind. This made me wonder what we are doing differently since the pandemic.....and that is the basis for the discussion.
 - B. Consider ways to celebrate/support those admitted to the programs
