4. Business: FSC Adv. Committee provided feedback to Evan re: CCSSEE
5. Summit Input/Update
Fall 2023
 - Link to the fall survey is in the last minutes
 - b. Winter 2024 - call for proposals is out, session suggestions?
No information on required trainings for Winter from Paige yet
There's maybe 5 or 6 proposals so far
No themes– topics link to the strategic plan
 - 1. Looking for keynotes for Fall.
 - a. Jim talked about dopamine nation and how we're swimming in an environment with so many inputs. Had a lot of ahas about not asking "what's going on with our 19 year olds" asking "what's going on with our society".
 - b. Michelle Miller's Minds Online

Spring 2024 - Meeting with Dr. McGuire on Monday the 23rd at 10 over zoom. If anyone else wants to attend to talk about her spring summer, email Gail and she'll send you the link.
6. Other:
 - a. Workshop updates/feedback
 - b. AI professional development - call for more participation on the task force
 - There's not many faculty who attended at that last one
 - Could make Summit theme AI. Give a specific department a heads up and "commission" them to do a presentation on AI in their area. Bring in more complex thoughts.
 - potentially for Fall we do this (AI cognitive load, technology)
7. Next Meetings (in-person TTC 4380 hopefully) 11:00 on: January 26, February 23, March 22, Apr 19, 2024
8. Adjournment: 12:11
