FACULTY SUCCESS CENTER ADVISORY COMMITTEE

Sep 27, 2024 11:00 AM

TTC Room 4230

1. Call to Order - 11:02
2. Welcome and Introductions
  - a. S Ott, B DeDie, V Owens, R Martin, S DeLeeuw, M Adams, D Kobb, M Morehouse, Jon S, P Jonas, K Grubka, D Swan, D Zokvic, B Murray, J Ratliff, W deDie
  - b. Introduced D Zokvic.
  - c. Swan gave brief overview of Instructional Designer support role
3. Approve minutes from March 22, 2024 - Changes to last minutes: that no attendance was taken last time.
4. Summit -Fall feedback
  - i. Generally positive
  - ii. Response rate was a little low, couldn't send reminders this time, the link was also buried in college-wide emails
  - iii. Suggestion: put the QR code in the rooms (on tables) and brochures
  - iv. 100% answered the sessions were of interest to people
  - v. Discussed captioning, IT reviewing captioning options for the next Summit
5. Business
  - a. Reviewed draft of new charge and goals for FSC
  - b. Reviewed draft of new charge and goals for FSC Advisory Committee
  - c. Feedback
    - i. Will FSC continue to provide the same type of one on one support (from Academic Development and Instructional Technology Analysts)?
      1. Gail: support will continue as usual
      2. Suggestion to make that more clear in the document
    - ii. What's supportive should change: we should support more. Give them physical places to support that
    - iii. Also suggesting that the committee function to collect feedback on whether the classroom works for faculty. We're missing a connection where the technology meets delivery.
      1. We should be the ALC for "space" (educational spaces), go to the FSC if you want something
    - iv. Question about the Committee's role in Summit as it isn't specifically addressed in the document
      - a. Gail: it's under "programs" \*quoted\*. Summit isn't going away, but we can add that if you feel you needed
      - b. Some of these things will be separate groups (like the LTI committee, which will stay separate). Maybe Summit will happen in a smaller group. All this is TBD and to be figured out
    - v. Discussed pros and cons of changing the Faculty Success Center name
    - vi. Should include outreach in document (making sure all faculty are aware of FSC support and resources)
